Spot on genetics

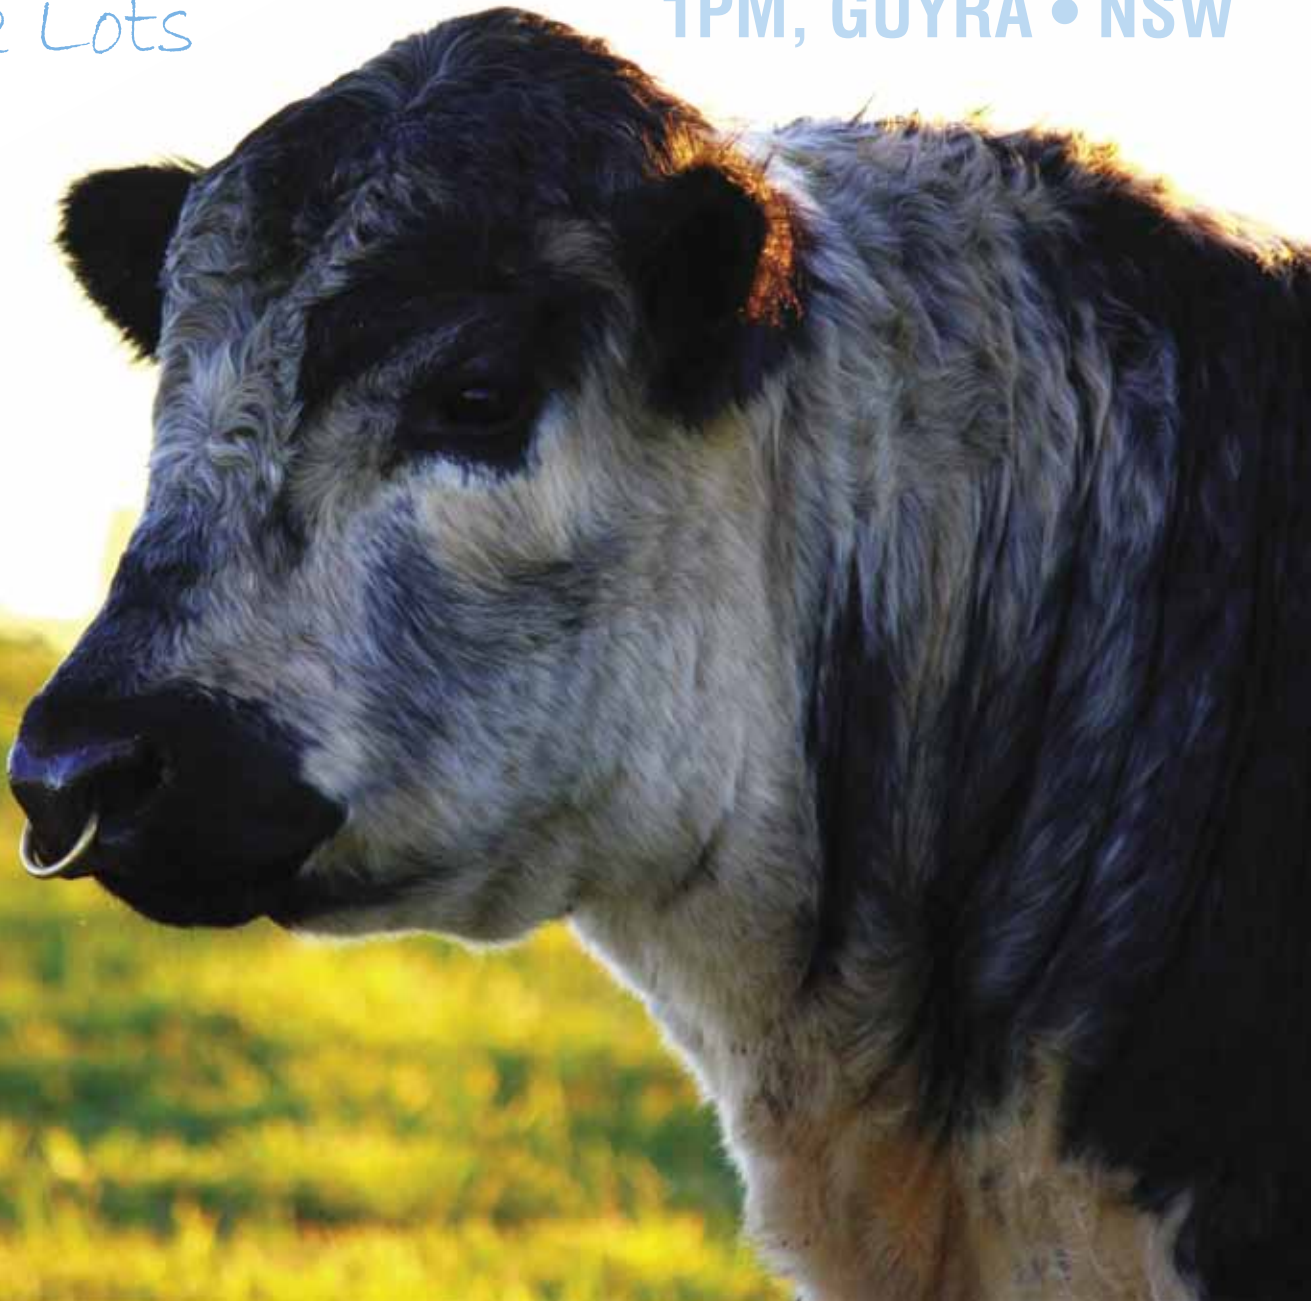

Australia's biggest Speckle Park sale in 2014

INAUGURAL BULL SALE

MONDAY 14 JULY 2014

1PM, GUYRA • NSW

102 Lots

www.waratahspecklepark.com

WELCOME TO 'WARATAH'

Welcome to the Inaugural Waratah Speckle Park Sale 2014

We are pleased to bring you the highest quality Speckle Park genetics we have to offer. After a small start in 2008, followed by 6 years of breeding programs with a commitment to sourcing quality Canadian genetics, we're proud of the cattle we've produced. We're excited to be where we are today, leading the way for Speckle Park in Australia.

In the past three years our private sales have been strong, selling animals in New South Wales as well as into Queensland, Victoria and South Australia. We weighed over 200 calves in 2013 with an average calf birth weight of 40.8kg. In the same year we sent our first group of Speckle cross steers to the supermarket trade where 25% of the group achieved an MSA grade of 1, the highest score possible. 95% of our sale offering today are embryos transplant calves. This gives you the advantage of being able to see how different lines of cattle are breeding with many full brothers and sisters in the sale.

We have a commitment for quality and have travelled to Canada on multiple occasions to view sires and dams of our progeny and to select and source new genetics. We will be offering here for the first time in Australia Progeny and embryos from Heartridge Aries, PAR Papa Razzi and Codiak Amigo and we continue to acquire new genetics, with more to enter Australia soon. It's our pleasure to be able to present the greatest opportunity by one vendor at any Speckle Park sale this year, including a selection of Brahckle bulls in conjunction with our Speckle Parks.

Speckle Park cattle have proved to be a consistent winner for many years in their home land of Canada and now they're heating up the competition here in Australia too. This is what the Speckle Park breed has accomplished (just to name a few):

- Speckle steer won Beef Bonanza Tamworth 2013
- Speckle steer won Canberra show 2014
- Our own steer won an unlead section at Upper Hunter Beef Bonanza in 2012 and we took out a second in the Brisbane show last year

In the last 4 years at the Calgary Stampede in Canada, 19 out of 40 of the top ten steers were Speckle Park infused cattle. We've been watching Speckle Park become increasingly popular at an astounding rate and received overwhelming enquiries from local schools wanting Speckle Park show steers this year.

A big congratulations to Robert and Tracy Doak from Bunndara NSW. Their first Speckle Park cross Santa steers topped the Inverell sale by 40 cents getting to 212 cents and 202 cents whilst other cattle that day made 160 cents to 170 cents. Robert and Tracy were the first to buy Speckle Park bulls from Waratah back in 2010. Congatulations also to Ray and Vicki Cotter from Haly Creek in QLD who topped the Toowoomba sale in August last year with Waratah Speckle Park cross steers.

We have put in over 250 embryos again this year so our future growth looks strong. Which is good news as we intend to be in the business for many years to come.

All the best with your purchases. We hope you enjoy the day and have a safe journey home.

Eric & Helen, Laiton & Kayla Turnham

Inspections

Cattle will be on display from 9.30 am on sale day. We welcome your inspection of the cattle prior to sale day by appointment only.

Refreshments

Black Mountain Public Primary School P & C will be catering at the sale. A Speckle Park BBQ and light refreshments will be served, with proceeds going to the school. We are proud to say the Speckle Park beef provided on sale day was bred at Waratah.

Travel Arrangements

The Sale will be conducted at 'Waratah', Guyra, situated 38 km north of Armidale and 60km south of Glen Innes (see map on back cover).

By air, Armidale is accessible via Sydney only. The flight is approximately 1 hour. 'Waratah' is 40 minutes' drive from the Armidale (NSW) Airport. Car hire is available from the Airport.

By road Guyra is centrally located approximately 6 hours between Sydney and Brisbane on the New England Highway.

Accommodation

Motels are available in Guyra, Armidale and Glen Innes.

Outside Agents Rebate

A rebate of 2% is available to outside agents introducing buyers one business day, (Friday, 11 July by 5pm) prior to the sale in writing to Colin Say & Co Fax: (02) 6732 4073 or Email: office@colinsay.com.au Outside agents must settle on the clients behalf within 7 days after the sale. Please note this will be strictly adhered to.

Auctions Plus

If unable to attend the sale on the day Auction Plus is an alternate bidding option. Please note that Auctions Plus is only available to registered users. Register at www.auctionplus.com.au or by phone (02) 92 624 222. We recommend registering at least one business day (Friday, 11 July by 5pm) prior to the sale.

Herd Health Status

Animals in the sale have met all necessary health requirements. Cattle are bred from Bovine Johne's

protected status area and have been inspected by Embryo-Life veterinarian Dr. Udo H. Mahne (BVSc). For individual breeding certificates contact Udo on 0467 882 801.

Sale Day Safety

Your safety on sale day is important to us. Our cattle are quite and well-tempered however, animal behaviour can be unpredictable at times. Animals can react differently when exposed to large crowds of people and noise. If you wish to enter inspection yards please be mindful of the animals. Please do not enter sale pens with small children or if you have limited mobility.

Supplementary sheet

Updated weights, scans and pregnancy diagnosis will be provided on sale day along with any other new or additional information.

Raw Scan Data

Raw scan data will be available on the supplementary sheet on sale day.

Transport

All cattle to be transported from 'Waratah' and need to be picked up no later than 28 July 2014, except for overseas purchased cattle. Free transport within 100km. No pickups available on Saturdays. Please ring Nathan Purvis re: transport coordination 0427 324 078

Mobile Coverage

There is good mobile phone coverage at 'Waratah'. Please make arrangements with agents for phone bidding.

Delivery of Embryos

They can be privately picked up or transported through Wyatt Artificial Breeders (02) 6629 3177 or 0418 628 157.

Semen Rights

Waratah Speckle Park retain semen rights in a number of bulls each year. This will be outlined under the Lot number or on the supplementary sheet.

Breeding Guarantees

Bulls

All bulls are guaranteed breeders and have passed a semen test and structural assessment prior to the sale. For breeding certificates please contact Embryo-Life veterinarian Dr. Udo H. Mahne (BVSc) on 0467 882 801.

In the unlikely event of infertility, the vendor guarantees that (without expenses, interest, costs and damages) if the bull proves to be totally infertile or totally incapable of natural service, provided it is not caused by injury, disease, mismanagement or negligence since leaving the sale, to either replace with an animal of comparable value upon return of the affected bull or credit (purchase price, less the salvage value) will be given at the next sale or on a private sale animal.

Bulls that are run in a multiple joined environment are not guaranteed by Waratah for breakdown or injury. Yearling bulls (under 18 months) are not guaranteed if joined with more than 30 cows in their first year.

If the bull does not possess a reasonable fertility, although not totally infertile, any claim shall be considered on its merits by the vendor and his veterinarian. Any complaint must be lodged with a relevant veterinary certificate within 6 months of the sale direct to the vendor.

Females

All females are sold as guaranteed breeders. In the unlikely event that a female cannot be successfully bred by natural service within 6 months of the sale date or by the time the female reaches 22 months, provided that the purchased female has not been injured, contracted disease, been mismanaged or neglected since leaving the sale, upon return of the affected female, the vendors' guarantees (without expenses, interest, costs and damages) the purchase be refunded or a replacement female will be given. This guarantee does not apply to a female that is entered into an embryo transfer programme. Any complaint must be lodged to the vendor with a relevant veterinary certificate.

Insurance

We encourage buyers to insure purchased lot or lots at the time of sale. All care will be taken from the fall of the hammer but it is the purchaser's responsibility for any injury or death occurred thereafter. We recommend buyers to organise injury insurance with their Agent or an Elders Insurance representative on the day.

Advice Disclaimer

At Waratah Speckle Park we are willing to provide assistance to those seeking guidance and our opinion on cattle. However, the final decision is that of the purchaser. Waratah Speckle Park will not be responsible for the final results and performance of purchases outside our warranty.

Sale Catalogue Disclaimer

The vendors have taken care to provide information that is correct to the best of their knowledge at the time of publication. However, neither the vendors or the selling agents make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. It is advised that you seek independent verification of any information contained in this catalogue before relying on such information.

BENEFITS OF CROSS BREEDING WITH SPECKLE PARK

Heterosis, or hybrid vigour as it is commonly known, is the state where a hybrid animal outperforms the average performance of its parents. Crossbreeding is a commonly used technique used by beef cattle producers to exploit heterosis in order to increase net beef production per animal. Heterosis is greatest when more distantly related breeds of cattle are crossed such as crossing Bos Indicus breeds with Bos Taurus breeds. Beef cattle producers have been fortunate enough that they have a large number of breeds available to them for the purposes of crossbreeding.

Speckle Park cattle being a Bos Taurus breed will produce strong hybrid vigour when crossed with the Bos Indicus breeds such as Brahmans. They will still show strong hybrid vigour when crossed with European breeds such as Limousins and Charolais and some British breeds such as Herefords. As the Speckle Park contains genetics from White Parks, Shorthorns and Angus cattle, heterosis when crossed with these breeds will not be as pronounced but may still provide an option for producers to access the markets demanding Speckle Park cattle without such a large investment as a complete herd change. In conclusion, Speckle Park cattle present a wide range of options when it comes to crossbreeding and there are many ways of taking advantage of this breed to increase the profitability of your enterprise.

Joshua Fittler
BaRurSc (Hons II)

Speckle Park cross calves 10kg heavier on average at weaning than their pure bred counterparts, running together.

CARING FOR WARATAH SPECKLE PARK BULLS: PROTECT YOUR INVESTMENT

The Waratah Way

The purchase of a Waratah bull is a long-term investment, so they should be treated with care and in a gentle manner. Always handle them quietly and at a walking pace. By doing so, you will earn their respect and maintain their good temperament. Our bulls are vaccinated and drenched prior to sale and can serve approximately forty cows as two year olds and slightly more as older bulls. They are handled with dogs and contained using electric fencing, so they will treat both with respect. A Waratah Bull provides excellent opportunities in genetics and can improve the value of your herd into the future.

Transportation & Handling

At the fall of the hammer at auction you take possession of your purchase, so from that moment, it is important to treat your new investment with care. You might like to consider insurance for transportation back to your property and for the first few months of ownership. A bull leaving Waratah should be unloaded at your yards, with house cows, steers or herd cows as companions. Always separate bulls from different origins into different yards. Remember your bull is leaving the security of a mob and will arrive in unfamiliar territory at your property.

Vaccinations/Treatment

Always consult with your veterinarian and establish a health treatment plan to be given on arrival at your property. It is important to vaccinate against vibriosis, as it is a common cause of infertility and is transmitted by infected bulls. Fortunately, this disease is easily prevented by vaccination prior to joining each year. A drench is important when he is finished serving the cows. You may also treat bulls yearly with other injections that are appropriate for your local area/state.

Behaviour & Temperament

The temperament of any bull is best demonstrated by their behaviour in the yard before auctioning begins. During and after action and/or on arrival at your property their behaviour may change due to changes in environment and increased stress. Bulls may display a change in temperament, becoming excited and/or agitated. A number of stimuli may cause this change including unusual and loud noises, new people, crowds, a new environment, new feed, loss of mates, a new herd and different handling methods. This can be very upsetting to animals. It is best to allow bulls' time to adjust to their new environment. You can assist this by providing adequate feed, water, low noise levels and a mate i.e. house cow. Once settled into their new environment bulls' temperament will return to normal.

Young Bulls (12-18 months)

It is possible for a young bull to settle in with older bulls, however the paddock needs to be large enough for the young one to keep away from the others and to find adequate feed. As the new bull, he will get the last of the feed available because of the pecking order. Young bulls are still growing and need enough feed to maintain their growth pattern, which may require supplement feed in the first breeding season. Having enough paddock area also helps them to be able to settle the cows quickly and efficiently. We recommend mating loads of only 25-30 females. Never overwork young bulls. As they are not fully developed they will be leaner and carry less body fat reserves. If their condition score declines to below 3, sperm production may be compromised. Their condition is essential for good fertility. It is also important to note that the joining season may need restricting to 6-8 weeks if conditions are extensive and where good quality feed is unavailable.

Mating

Cows should be seen cycling in groups with male calves hanging around before mating. If using several young bulls, they should be run together for a few weeks prior to joining. This should reduce problems later on as they will have already established a hierarchy. Also, young bulls that have been recently purchased should not be joined together with older bulls.

Always observe your bull when he is working as accidents can happen. Bulls can scratch their penis on dry manure on the cows backside which can lead to infection with large sores forming. If treated quickly this can be remedied. If a bull is not serving he needs to be replaced, but remember, if the cow has been served before the observer has arrived, the bull may not repeat the performance. Remember any day he is not working can cost you money.

Nutrition

When your new bull arrives at your property, provide adequate hay and water and leave him alone until the next day so he has a chance to settle. Before you join your bull with a herd, the cows should be on a rising plane of nutrition to ensure they have the greatest possible chance of cycling. When the season is finished, the bull should be put away with quality, adequate feed, as this will help prevent fighting.

Please remember: Always respect your bull and he will respect you.

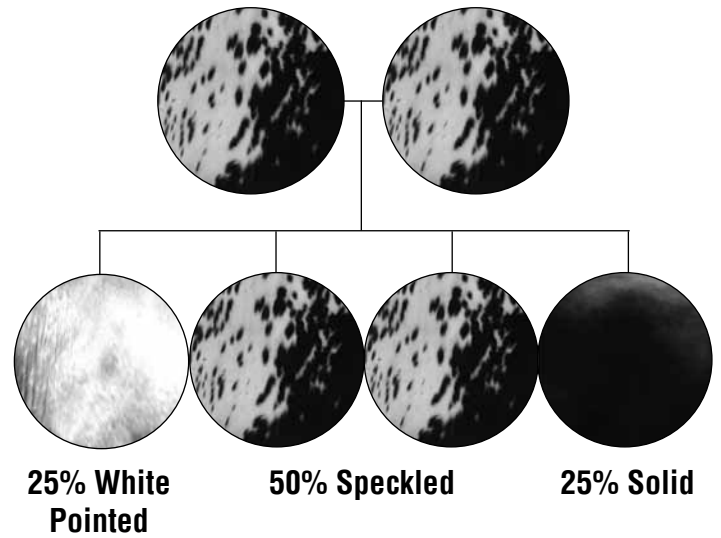

UNDERSTANDING COLOUR PATTERNS

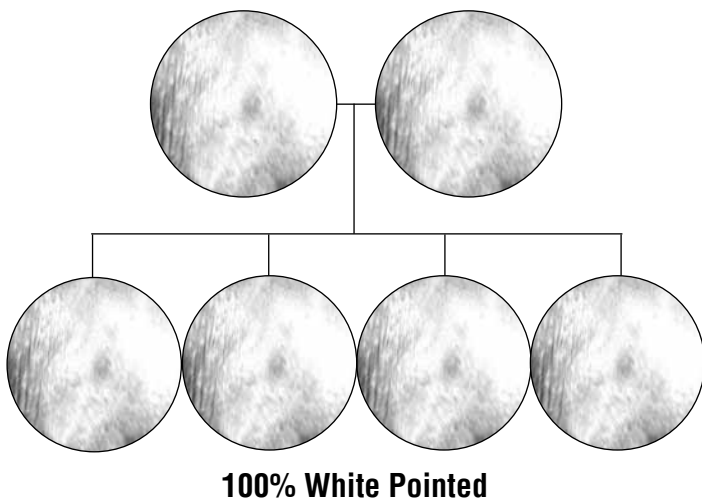

It is important to understand how Speckle Park colour patterns work in order to achieve your breeding goals. While some breeders are mostly interested in producing speckled cattle others want to inject Speckle Parks' notorious hybrid vigour while retaining predominantly black herds. For example, when a solid black Speckle Park bull is joined with 100% purebred Angus cows the resulting calves will be 100% solid black.

Speckle Park cattle have four distinct colour patterns; speckled, leopard, white pointed and solid black. The speckle and leopard colour pattern are genetically the same except for varying degrees of spotting. Some Speckle Park cattle can produce red colour patterns if both parents carry the recessive red gene.

SHOW RING & CARCASE SUCCESS

Since their humble beginnings, Waratah Speckle Park has had great success in the show ring. Earlier this year a Waratah Speckle Park heifer, shown by Downlands College Toowoomba, won Reserve Senior Female Champion in the interbreed category, at the Roma Show and Grand Champion Female at the Toowoomba Show. A Waratah Speckle Park Brahckle bull was exhibited this year at local shows creating a lot of interest from breeders especially those breeding Bos Indicus. In 2013, Waratah Speckle Park proudly returned home from the Royal Brisbane Show after Waratah Hume (Lot 5) won the Grand Champion Speckle Park bull title. Waratah's success continued at the 2013 EKKA winning two ribbons in the steer carcase competition. Waratah Speckle Park also had successful wins at Beef Australia 2012, Rockhampton. Waratah Spanish Angel F12, was crowned Grand Champion Female and Junior Champion bull was awarded to Waratah Power G27 (Lot 4). Waratah Ellis E28 topped off the event winning Reserve Champion

Waratah H9 won Tropical Breeds Senior Bull Champion at CRT FarmFest Toowoomba, 5 June 2014.

Waratah Speckle Park has had outstanding results in Carcase competitions in Australia. At the 2013 Royal Brisbane Show, Waratah Speckle Park steers donated to Tenterfield High school, Tenterfield and McIntyre High School, Inverell, won third and fifth places in their individual weight classes of over 40 animals. Once over the hook, the McIntyre steer moved from fifth place to second. In 2012, a Waratah Speckle Park cross won 1st prize in the 450-500kg division at the Upper Hunter Beef Bonanza.

Speckle Park cattle are undeniably making an impression on the cattle industry. From carcase competition wins, interbreed victory and champion show titles won, Speckle Park cattle are growing in popularity. Waratah Speckle Park are proud to be amongst the winners and look forward to being a part of Speckle Park's bright future.

Waratah Hume (Lot 5) awarded Grand Champion Speckle Park bull in 2013 Royal Brisbane Show.

Bull. Waratah Speckle Park bred Waratah Spanish Angel F12, also won female interbreed Champion for her division at the Walcha show earlier that year.

The Speckle Park breed has excelled in carcasses competitions having consistent wins in both Australia and Canada. At the Calgary Stampede in Canada for the past four years, near 50% (19/40) of the top ten carcase steers were Speckle Park. In 2013, the dress out percentage for eight carcasses was an average of 61%. Speckle Park carcasses are known for their moderate size, consistent marbling, ideal minimum fat cover and large rib eye area to carcase ratio.

Our first show cow, Waratah Amy's Girl E15 at the Royal Brisbane Show 2011.

DAM: WARATAH SPANISH ANGEL F12 (ET)
 RIVER HILL SPANISH ANGEL 5S [P]

Notes: The first of several Lacerta - Waratah Spanish Angel F12 sons in this years sale, H27 is a well muscled bull. His big jump muscle, long body, large scrotum and good sheath make him a stand out. His Dam was our first interbreed champion for her age in 2011 and was Champion Female at Beef Australia, Rockhampton 2012. H27 would be best suited for mature cows. Check out his brothers and sisters in the sale LOTS 8, 10, 17, 60 & 64.

Purchaser:..... \$.....

SPECKLE BULLS

LOT 4 WARATAH POWER G27 LST G27

 CODIAK RKW 07J
 STYALS 3K
DAM: CODIAK MELISA RKW 64M
 WILDWOOD KIT 6K (ET)

Notes: By Codiak Crikey, Waratah Herald is a slightly smaller framed bull, with solid feet. Herald was selected to be joined with our heifers last year.

Purchaser:..... \$.....

Marketing Options

There are currently several different marketing options for Speckle Park cross cattle. With Speckle Park cross cattle increasing hybrid vigour and carcass merits they are growing in popularity.

- There are a number of private buyers sourcing Speckle Park meat for butcher shops and high end restaurant chains.
- Waratah Speckle Park has successfully marketed Speckle Park cross cattle to the supermarket trade with outstanding results. 25% of the cattle were MSA graded with a boning group score of one and 90% of the group scored four or better (MSA grading is from one to ten, where one is best.)
- Waratah Speckle Park cross cattle have also been sold and feed at feedlots.
- Waratah Speckle Park are planning to run a commercial Speckle Park auctions plus sale in the future.

SPECKLE BULLS

LOT 7 WARATAH H54 LST H54
Born: 2/12/2012 **Age:** 19.5 mths **Colour:** White

SPOTS 'N SPROUTS NEFROM 101N

Drovers ID

proud supporters of the
Waratah Speckle Park
Annual Bull Sale

These are the three things we like about Drovers tags:

- They have sharper buttons which make them easy to pierce cattle ears.
- We can buy direct from the manufacturer online
- Drovers Tags are Australian Made

5 FROZEN EMBRYO PACKAGES

LOT 39 FROZEN EMBRYO: WARATAH SPANISH ANGEL F12 X PAR PAPA RAZZI 6P

P.A.R. MR. POWERSTROKE 4M
SIRE: PAR PAPA RAZZI 6P
MONALISA OF P.A.R 6M

Sire: P.A.R. Papa Razzi 6P was the grand sire of the highest selling Speckle Park Bull ever at the 2013 Source sale. His grandson Zapper made \$25, 000. Papa Razzi is a sound bull offering good thickness and carcass quality.

STAR BANK KING GEORGE 82U [P]
DAM: WARATAH SPANISH ANGEL F12
RIVER HILL SPANISH ANGEL 5S [P]

Dam: Waratah Spanish Angel F12 was a stand out as a calf and she has lived up to expexctations. F12 was our first ever interbreed champion for her age at the Walcha Show as a yearling heifer and went on to win Grand Champion Speckle Park female at Beef Australia, Rockhampton in 2012. She is a very feminine female with a good udder and plenty of milk. She is very fertile with a good line of bulls and heifers in this year's sale out of her first flush.

Notes: This is your chance to secure the newest Speckle Park genetics in Australia. LOT 39 is a great buy if your starting out or wanting to add to your excisting stud. These embryos are both by show winning parents. With this combination you are sure to do well. Waratah Speckle Park will guarantee 50% pregnancies on all embryos when transferred by Embryo-Life veterinarian Dr. Udo H. Mahne (BVSc).

Purchaser: \$

LOT 40 FROZEN EMBRYO: WARATAH MELISA G34 X HEARTRIDGE ARIES 01W

P.A.R SHARP SHOOTER 60S
SIRE: HEARTRIDGE ARIES 01W
PONDEROSA TIFFANY 06T

Sire: Heartridge Aries, caught our eye while visiting Canada in 2012. He was selected for his overall length and depth. Aries was a proven breeder to improve carcass quality and his progeny were highly sort after by Canadian feedlots.

CODIAK CRICKEY GNK 13U
DAM: WARATAH MELISA G34
CODIAK MELISA RKW 64M

Dam: Waratah Melisa G34 was an impressive calf. She was selected out of our 'G' heifers as a foundation cow to start a stud in South Austarlia. We were sad to see her go. She sold for an impressive \$10 000.

Notes: LIMITED EMBRYOS. These embryos are limited with only a hand full of studs in Australia with Aries calves. Buy LOT 40 and be a step ahead of the rest.

Purchaser: \$

5 FROZEN EMBRYO PACKAGES

LOT 41 FROZEN EMBRYO: WARATAH E23 X COADIAK AMIGO 65Y

SIRE: CODIAK AMIGO

Sire: Codiak Amigo an eye appealing sire that offers length and growth. His half sister is a show champion in Canada and his half brother sold for \$17 500 Canadian in the recent Summit 3 sale. Amigo is sired by Legacy Unrivaled. His outcross pedigree makes him ideal to be bred to any Speckle Park female in Australia.

Notes: Be the first to buy Amigo embryos any where in the world. With a white father and black mother the resulting calves are guaranteed to be speckled.

PRAIRIE HILL JOHN WAYNE 50S
DAM: WARATAH E23
NOTTA PHO-FINISH 54P

Dam: Waratah E23 is a big framed cow who is thick and fertile. E23 has been used in our donor programs and has produced 30 embryos in one flush. Her picture says it all.

Purchaser: \$.....

SPOTS'N SPROUTS JUNO 103J
SIRE: STAR BANK LACERTA 68L
STAR BANK 55M

Sire: Star Bank Lacerta 68L is one of the leading Speckle Park Sires in the breed. He was the 2003 Show Champion at Farmfair in Canada and has produced many show champions in Australian and Canada.

STAR BANK KING GEORGE 82U [P]
DAM: WARATAH SPANISH ANGEL F12
RIVER HILL SPANISH ANGEL 5S [P]

Dam: Waratah Spanish Angel F12 was a stand out as a calf and she has lived up to expectations. F12 was our first ever interbreed champion for her age at the Walcha Show as a yearling heifer and went on to win Grand Champion Speckle Park female at Beef Australia, Rockhampton in 2012. She is a very feminine female with a good udder and plenty of milk. She is very fertile with a good line of bulls and heifers in this year's sale out of her first flush.

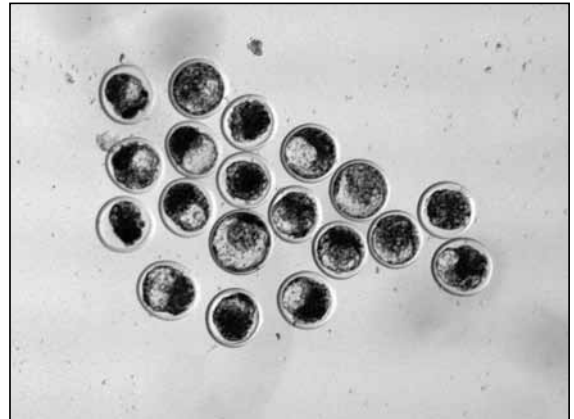

Notes: We liked our first embryo calves by this combination so much so we did it again. This is your chance to by embryos from a proven combination.

5 FROZEN EMBRYO PACKAGES

LOT 43 FROZEN EMBRYO: WARATAH MELISA G29 X PAR PAPA RAZZI 6P

P.A.R. MR. POWERSTROKE 4M
SIRE: PAR PAPA RAZZI 6P
MONALISA OF P.A.R 6M

CODIAK CRICKEY GNK 13U
DAM: WARATAH MELISA G29
CODIAK MELISA RKW 64M

Sire: PAR Papa Razzi 6P was the grand sire of the highest selling Speckle Park Bull ever at the 2013 Source sale. His grandson Zapper made \$25 000. Papa Razzi is a sound bull offering good thinkness and carcass quality.

Dam Waratah Melisa G29 is a full sister to Waratah Melisa G34 who was sold privately for \$10 000 to start a stud in South Australia. G29 is a moderate framed cow by Codiak Crikey. She will improve fertility in her daughters.

Notes: The first embryos ever to be sold in Australia by PAR PAPA RAZZI. If you want to get ahead of the game here is your last chance for embryos in this sale.

4 PTIC RECIPS

LOT 44 PTIC RECIP: WARATAH E25 X WARATAH FLASH F7

SIRE: WARATAH FLASH F7 DAM: WARATAH E25

Notes: All the hard work has been done for you. Here are 4 comercial cows PTIC to the best Speckle Park embryos currently available. Waratah E25 is a full sister to our first show winning cow and part of the Amy's Girl 21K line. She is a moderately framed, thick cow who has been joined to Waratah Flash to produce speckled coloured calves. There were some great Flash bulls for sale in this years sale, we imagine these calves will be fantastic too. Due to calve late July or early August.

Purchaser:..... \$.....

LOT 45 PTIC RECIP: WARATAH E25 X WARATAH FLASH F7

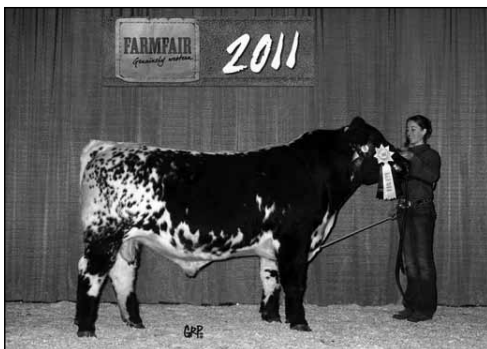

SIRE: WARATAH FLASH F7 DAM: WARATAH E25

Notes: All the hard work has been done for you. Here are 4 comercial cows PTIC to the best Speckle Park embryos currently available. Waratah E25 is a full sister to our first show winning cow and part of the Amy's Girl 21K line. She is a moderately framed, thick cow who has been joined to Waratah Flash to produce speckled coloured calves. LOT 46 PTIC RECIP: WARATAH MELISA G34 X HEARTRIDGE ARIES 01W

SIRE: HEARTRIDGE ARIES DAM: WARATAH MELISA G34

Notes: Waratah Melisa G34 was an impressive calf. She was selected out of our 'G' heifers as a foundation cow to start a stud in South Australia. We were sad to see her go. She sold for an impressive \$10 000. We have combined her with Heartridge Aries and given you a chance at the latest genetics available in Australia. Due to calve late July or early August.

Purchaser:..... \$.....

LOT 47 PTIC RECIP: PRARIE HILL AMY'S GIRL F8 X A&W 15R

SIRE: A & W 15R DAM: PRARIE HILL AMY'S GIRL F8

Notes: This is already a winning combination as this is the same joining as Waratah Hume the reigning Brisbane EKKa champion. Hume's sister recently won Reserve Senior Champion Female for the Interbreed British category at the Roma Show in May at only 22 months of age. Due to calve late July or early August.

Purchaser:..... \$.....

Heifers are the future of your herd. They hold the genetic potential of your operation. That's why it's important to protect them from Pestivirus. It's well known that Pestivirus can reduce your reproductive performance. Just a small drop in conception and calving rates can have a significant impact on your bottom line. Vaccinate twice within 6 months, prior to joining, to get the best reproductive performance from your heifers.*

**Protect your heifers potential.
Vaccinate with Pestigard.**

*Refer to product leaflet for details of administration and product claims.

 MONALISA OF P.A.R 6M
 RIVERHILL 26T WALKER 60W
DAM: WARATAH AMY'S GIRL G30
 WARATH E27

Notes: First time ever outside of Canada a PAR Papa Razzi daughter on sale! This will be the only one sold in Australia in 2014. To show how she will grow up and mature check out her mum LOT 52.

Purchaser:..... \$.....

LOT 83 WARATAH J179 **LST J149**
Born: 14/09/2013 **Age:** 10 mths **Colour:** Black

STAR BANK KING GEORGE 82U
SIRE: WATTLE GROVE DIESEL F70 (ET)
 STAR BANK 68G
 RIVER HILL 26T WALKER 60W [P]
DAM: WATTLE GROVE MELISSA G46
 CODIAK MELISA RKW 64M

Notes: A young black heifer by Wattle Grove Deisel.

Purchaser:..... \$.....

31 YEARLING HEIFERS

LOT 84 WARATAH J14 **LST J14**
 Born: 23/06/2013 Age: 12.5 mths Colour: Speckle

RAVEN MEADOWS MAGNUM 10N
SIRE: CODIAK CRIKEY GNK 13U [P]
 CODIAK RKW 07J
 RIVER HILL 26T WALKER 60W [P]
DAM: WATTLE GROVE MELISSA G46
 CODIAK MELISA RKW 64M

Notes: J14 is the second of two G46 Crickey heifers. She is a moderately framed, deep sided heifer. Sister to LOT 68.

Purchaser:..... \$.....

LOT 85 WARATAH J78 **LST 78**
 Born: 1/08/2013 Age: 11.5 mths Colour: Speckle

SPOTS 'N SPROUTS NEFROM 101N
SIRE: STAR BANK KING GEORGE 82U [P]
 STAR BANK 11H
 PRAIRIE HILL JOHN WAYNE 50S
DAM: WATTLE GROVE 50S TEEKA G23
 UPTO SPECS TEEKA 8T

Notes: The only yearling King George heifer in the sale, J78 is a uniform heifer with unlimited potential.

Purchaser:..... \$.....

LOT 86 WARATAH J35 **LST J35**
 Born: 17/06/2013 Age: 13 mths Colour: Speckle

P.A.R. MOO FASSA 03M
SIRE: CHAMPAGNE PRETENDER
 NOTTA PRETENDER 64P
 RIVER HILL SAMSON 25S [S]
DAM: WARATAH EMBER E26 (ET)
 STAR BANK 54R [P]

Notes: This could be the best female to go through the sale ring. J35 has added thickness, a solid frame and big top line. By Champagne out of Waratah Ember E26, a Samson daughter, you can understand why.

Purchaser:..... \$.....

PHOTO GALLERY

31 YEARLING HEIFERS

LOT 87 WARATAH J104 **LST J104**
 Born: 31/07/2013 Age: 11.5 mths Colour: Black

RIVER HILL PATH FINDER 22P
SIRE: RIVER HILL SAMSON 25S
 RIVER HILL PRIDE 'N JOY 25P
 PRAIRIE HILL JOHN WAYNE 50S
DAM: WARATAH E23 (ET)
 NOTTA PHO-FINISH 54P

Notes: J104 in our opinion and others, is the best black Speckle Park in the sale, she is feminine with a bit of extra frame. She will grow into a large, long female.

Purchaser:..... \$.....

LOT 88 WARATAH J8 **LST J8**
 Born: 20/06/2013 Age: 13 mths Colour: Speckle

STAR BANK LACERTA 68L
SIRE: WATTLE GROVE ALMIGHTY E41
 WILDWOOD KARA 4K
 HWY. 4 SPECKLE PARK 2H
DAM: WARATAH E27 (ET)
 PRAIRIE HILL AMY'S GIRL 21K

Notes: J8 is a fine boned, feminine female.

Purchaser:..... \$.....

LOT 89 WARATAH J26 **LST J26**
 Born: 5/07/2013 Age: 12.5 mths Colour: Speckle

STAR BANK LACERTA 68L
SIRE: WATTLE GROVE ALMIGHTY E41
 WILDWOOD KARA 4K
 HWY. 4 SPECKLE PARK 2H
DAM: WARATAH E27 (ET)

Notes: J26 is an Almighty daughter.

Purchaser:..... \$.....

LOT 90 WARATAH J41 **LST J41**
 Born: 23/06/2013 Age: 12.5 mths Colour: White

P.A.R. MOO FASSA 03M
SIRE: CHAMPAGNE PRETENDER
 NOTTA PRETENDER 64P
 HWY. 4 SPECKLE PARK 2H
DAM: WARATAH E27 (ET)
 PRAIRIE HILL AMY'S GIRL 21K

Notes: J41 shows lots of depth at a young age with a good hind quarter. She is part of a great line up of Champagne daughters here today.

Purchaser:..... \$.....

31 YEARLING HEIFERS

LOT 91 WARATAH J88

Born: 2/08/2013

Sale Video

“ I have been feeding cattle for 28 years, and the Speckle Park cattle are the highest yielding trade cattle we have ever fed. I think Speckle Park cattle have a big future in the Australian cattle industry.
